

COMPANY PROFILE

ABOUT US

Innovation with Wakandai has no end — it's a journey of constant evolution, limitless opportunities, and unbroken connections.

Every idea, every solution, every transformation starts here, at Wakandai, and extends to infinity.

OUR STORY

2007

The idea is to provide end to end engineering services to telecom operators came to realization

1

2014

Over the years the idea developed into reality and **Wakandai** was able to build business with the four operators working in Egypt on all domains and their vendors.

2

2017

Getting with market needs, decision was taken to increase our investments.

3

OUR STORY

2023

With a team of over 550 employees, including more than 400 highly skilled engineers, the company has not only sustained its operations but consistently delivered positive consolidated results amid economic crises and regional upheavals. This resilience and expertise have established us as a leading service provider, boasting an impressive portfolio of high-impact projects for top-tier clients

2026

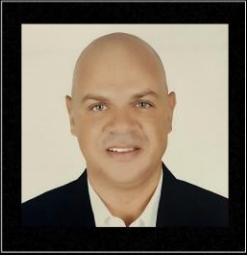

Driven by our ambition to become a leading global service provider, we leverage specialized technical and managerial hubs to deliver world-class solutions, expand our global footprint, and create sustainable value in international markets

And still counting!
